

COURSE DESCRIPTIONS

RT-130 Annual Safety Review - Annual Fireline Safety Refresher Training should be designed to provide up to date fireline safety information to employees holding Incident Command System Qualifications red cards requiring this training. Safety Refresher Training should contain content pertinent to the registered students. **Prerequisite - FFT2 or THSP**

S-130 /190 Firefighting Training - This introductory course is designed to train entry-level firefighters referred to as a firefighter type 2 (FFT2) . Students will be introduced to and gain knowledge of the basic incident management organization, firefighting techniques, suppression equipment, safety, strategy / tactics along with fire behavior. Field exercises will be performed for valuable hands-on training. Includes L-180 and I-100. **Course Prerequisite >> IS-700, arduous pack test**

S-131— Fire Fighter Type 1—Course designed to meet the training needs of the Fire Fighter Type 1 (FFT1). This course is designed to be interactive in nature. It contains several tactical decision games designed to facilitate learning the objective and class discussion. Topics include fireline reference materials, communications, and tactical decision making. **Course Prerequisite >> Qualified FFT2**

S-200 Initial Attack I.C.—This course is designed to meet the training needs of the incident commander type 4 (ICT4). It is presented in a discussion/exercise format. The six instructional units include Foundation Skills; Intelligence Gathering and Documentation; Size Up the Incident; Develop a Plan of Action; Post-fire Activities; Evaluating Incident Objectives and Manage the Incident. Evaluation of the student is by unit tests and performance based evaluations. **Course Prerequisite >> Qualified or Trainee SRB.**

S-212 Wildland Fire Chainsaws— This is an instructor-led course intended to be presented at the local level. The course lessons provide introduction to the function, maintenance, and use of internal combustion engine powered chainsaws and their tactical wildland fire application. Field exercises support entry level training for firefighters with little or no previous experience in operating a chainsaw, providing hands-on cutting experience in surroundings similar to fire line situations. Certification is based on individuals field evaluation performance **Course Prerequisite » FFT2**

S-219 Firing Operations—The course introduces the roles and responsibilities of a Firing Boss, Single Resource (FIRB), and outlines duties of other personnel who may engage firing operations. The course discusses and illustrates common firing devices and techniques. Although comprehensive in nature, the course work is not a substitute for the dynamic fire environment. The course provides students with important information regarding general tasks required to be successful. Any opportunity to show students a real ignition or demonstrate the use of an actual firing device will assist in transferring these new concepts and skills to the job **Course Prerequisite >> FFT2**

S-230 Crew / S-231 Engine Boss Single Resource— This is a classroom course designed to produce student proficiency in the performance of duties associated with the single resource boss position from initial dispatch through demobilization to the home unit. Topics include operational leadership, preparation and mobilization, assignment preparation, risk management, entrapment avoidance, safety and tactics, offline duties, demobilization, and post incident responsibilities. This is a skill course designed to produce student proficiency in the performance of the duties associated with Engine Boss, single resource (ENGB). Topics include engine and crew capabilities and limitations, information sources, fire sizeup considerations, tactics, and wildland/urban interface. **Prerequisite>> FFT1 / ICT5 qualified / trainee.**

L-280 Followership to Leadership— This course is designed as a self-assessment opportunity for individuals preparing to step into a leadership role. The course combines one day of classroom instruction followed by a second day in the field with students working through a series of problem solving events in small teams (Field Leadership Assessment Course). Topics include leadership values and principles, transition challenges for new leaders, situational leadership, team cohesion factors, ethical decision making, and after action review techniques. **Course Prerequisite >> FFT2, FFT1 (t) or Camp crew boss (CACB)**

S-271 Helicopter Crewmember -This is a combined classroom/field course designed to provide student proficiency in all areas of the tactical and logistical use of helicopters to achieve efficiency and standardization. Topics include aviation safety, aircraft capabilities and limitations, aviation life support equipment, aviation mishap reporting, pre-flight checklist and briefing/debriefing, aviation transportation of hazardous materials, crash survival, helicopter operations, helicopter field exercise. The following Interagency Aviation Training (IAT) A-courses curriculums are integrated and may be credited upon completion of this course: A-105 Aviation Life Support Equipment (ALSE), A-113 Crash Survival, and A-219 Helicopter Transport of External Cargo. **Course Prerequisite >> FFT2**

San Carlos Forestry Fire Management

2018 Training Schedule

San Carlos
Forestry / Fire Management
